

Dear _____,

Our next CAPM training is from May 17-19.

PMI's Certified Associate in Project Management (CAPM) is a valuable entry-level certification for entry level project practitioners. It is specifically designed for those with little or no project experience.

To apply for CAPM one should have 1500 hours of project experience OR 23 hours of project management education by the time one sit for the CAPM exam. Moreover, PMI is changing the course content from August 1 2013?

We will train you on the latest PMBOK 5 Edition. A thorough understanding of the PMBOK's 10 knowledge areas along with 47 processes and 5 process groups will be covered as part of the training.

Our CAPM training programs are for 2 days or 3 days based on your convenience. The training will be provided by very senior practitioners with over 20 years of corporate experience. At the end of the course you will be provided with **24 PDUs** and a course **completion certificate**. We only accept 12-15 students in a class to provide maximum attention to the attendees.

Please find attached a pamphlet for more information.

Please Email us at sbubap@go-past.org or call us at +91 9841431767

In case the above dates are not suitable, you can also avail of the our next sessions between June, 8-9 2013.
